PROFESSIONAL SUMMARY

Experienced Senior General Accountant with 7+ years of hands-on expertise in financial reporting, general ledger operations, and treasury management. Transitioning into Financial & Data Analytics by leveraging strong accounting principles alongside modern data tools to extract actionable business insights. Highly proficient in Python (Pandas, NumPy, Matplotlib, Seaborn), SQL, Power BI, and Advanced Excel, with specialized training through the Digital Egypt Pioneers Initiative (DEPI) and IBM Data Fundamentals.

EDUCATION

Bachelor of Commerce (Accounting – English Section) | Al-Azhar University *Graduated: 2016 | Grade: Good*

TECHNICAL & ANALYTICAL SKILLS

- Financial & Accounting Expertise:** General Ledger (GL) Analysis, Financial Reporting & Closing, Treasury & Cash Flow Management, Accounts Receivable/Payable, Bank Reconciliation, VAT & E-Invoicing, ERP Systems.
- Data Analytics & BI:** Python (Pandas, NumPy, Matplotlib, Seaborn), SQL (Queries, JOINS, Aggregations), Power BI (DAX, Interactive Dashboards, Data Modeling), Advanced Excel (Power Query, Pivot Tables, Dynamic Formulas).
- Analytical Methods:** Exploratory Data Analysis (EDA), Data Cleaning & Preprocessing Pipelines, Statistical Correlation Analysis, Feature Engineering, Financial Data Modeling, Automated KPI Summaries.

PROFESSIONAL EXPERIENCE

General Accountant — Emessa Denim for Ready Garments *Apr 2023 – Present*

- Processed and analyzed financial transaction data, journal entries, and general ledger balances to ensure 100% data accuracy for month-end closing.
- Generated and reconciled Accounts Receivable (AR) and Accounts Payable (AP) reports, performing variance analysis to optimize cash collections.
- Executed bank reconciliation statements and managed tax declarations using ERP accounting software.

Banking & Treasury Accountant — Emessa Denim for Ready Garments *Nov 2022 – Apr 2023*

- Monitored daily banking operations and liquidity metrics through weekly cash flow reports, maintaining optimal operational liquidity.
- Managed transaction records, letters of credit, and guarantee documentation within the ERP system.

Invoicing Specialist — Emessa Denim for Ready Garments *Jun 2022 – Nov 2022*

- Analyzed sales and invoicing data for local and export accounts, validating VAT calculations and additional charges.
- Integrated and uploaded invoice data into the Egyptian E-Invoicing portal, ensuring complete data compliance.

General Accountant — Elamsrya4kitchen Company *May 2019 – Jun 2022*

- Maintained central accounting records and ledgers for 3+ years, participating in monthly inventory analysis and financial reporting.
- Compiled and analyzed monthly attendance and payroll datasets to support internal operational insights.

Branch Manager — AMS Company *Jan 2017 – Jun 2018*

- Managed overall branch operations, daily inventory transactions, and sales performance tracking using Retail Pro system.

KEY PRACTICAL PROJECTS

Advanced Retail Data Exploration & Performance Analytics | Python Data Project

Tools: Python (Pandas, NumPy, Matplotlib, Seaborn) | Dataset: Sales Data

- Built an automated data exploration pipeline in Python to analyze profitability, customer behavior, and operational performance for a retail enterprise.
- Executed advanced data cleaning (handling missing values, invalid formats, duplicate records) and engineered custom features like Profit Margin and Performance Category.
- Conducted statistical correlation analysis and exploratory data analysis (EDA), generating advanced Seaborn/Matplotlib visualizations and automated KPI summaries.
